

## Step 1

When you first visit the **key distribution system** (KDS) you will notice that in the top right hand corner contains a login button.

## Step 2

A screenshot of a login form. At the top, there is a dark grey bar with the text "Contact Us" in white. Below this is a light grey box with the title "Login Form". Inside the box, there are two input fields: "Username:" and "Password:". Below the password field is a "Login" button.

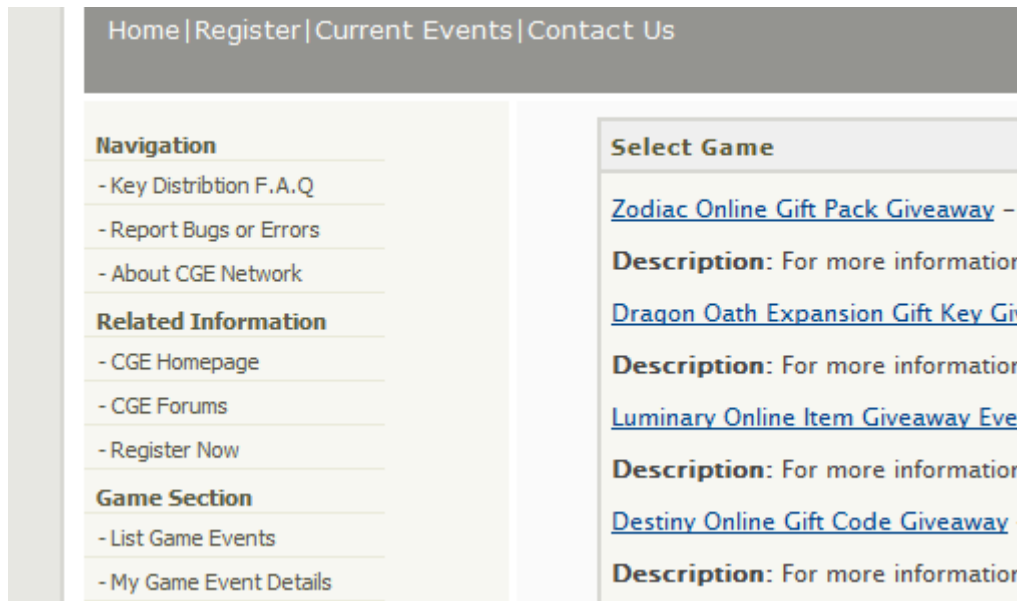

The page will now show you a login box. Please enter your CGE Network username and password. Your account must be verified for it to claim any keys or codes. To verify your account make sure you click on the validation link in your email inbox (or occasionally in your junk folder).

## Step 3

A prompt will appear before you if you have succeed or failed to login. In this case we are being congratulated for logging into the system successfully.

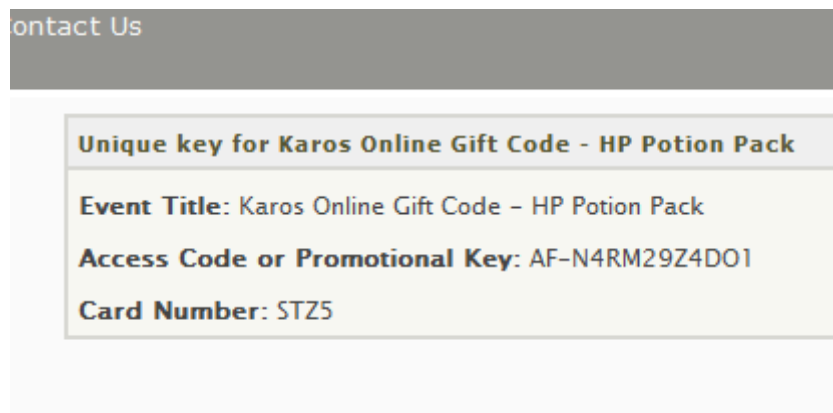

## Step 4

Once you have logged into the key distribution system you will notice a range of events displayed in-front of you. These are currently active events running at CGE Network. If you click on **“List Game Events”** from the left hand side navigation menu you will be forwarded to page containing existing events.

If you click on **“My Game Event Details”** this will show you all the keys or codes that you have currently obtained. This helps you keep track of your keys if necessary.

## Step 5

Once you have found the event that you wish to take part in, simply click on the name and you will be forwarded to a new page.

Well done – you have successfully obtained a key. In this case, I obtained a promotional key for the event **“Karos Online Gift Code – HP Potion Pack”**.

**Important Note:** The only codes that you should be worried about are those listed in the **“Access Code or Promotional Key”** area.  
Please ignore **“Card Number”** as this is used for administration purpose only.
